Re: Freedom of Information Act Request EPA-R8-2015-001392

Dear Ms. Samson:

This letter is in response to your Freedom of Information Act request for Wyoming drinking water data to support analyses and assessments related to the Stage 2 Disinfectant/Disinfection Byproduct Rule and related efforts to document and improve the nation's drinking water quality.

On November 25, 2014, the EPA loaded an Access database: RT_Wyoming_EPA_Region8_FOIA001392.mdb with the requested data for FOIA001392. The database contains tables and one query that should allow the requesters to conduct any needed evaluations. The EPA also loaded the SDWIS Data Dictionary as requested. These database files were loaded to the Corona account on the Filemail.com web service, as indicated in your FOIA request.

Under the FOIA, you have the right to appeal this determination to the National Freedom of Information Office, U.S. EPA, FOIA and Privacy Branch, 1200 Pennsylvania Avenue, N.W. (2822T), Washington, DC 20460 (U.S. Postal Service Only), E-mail: foia_hq@epa.gov. Only items mailed through the United States Postal Service may be delivered to 1200 Pennsylvania Avenue, NW. If you are submitting your appeal via hand delivery, courier service or overnight delivery, you must address your correspondence to 1301 Constitution Avenue, N.W., Room 6416J, Washington, DC 20004. Your appeal must be made in writing, and it must be submitted no later than 30 calendar days from the date of this letter. The Agency will not consider appeals received after the 30 calendar day limit. The appeal letter should include the FOIA number listed above. For quickest possible handling, the appeal letter and its envelope should be marked "Freedom of Information Act Appeal."

If you have any questions concerning the provided information, please contact Lisa Kahn at kahn.lisa@epa.gov or (303) 312-6896.

Sincerely,

A handwritten signature in black ink, appearing to read 'Sadie Hoskie', with a long horizontal flourish extending to the right.

Sadie Hoskie, Director
Water Program
